# Genetic Evaluation Details & Characteristics

---

- Reports Updated Each Run
  - Changes in USDA-DHIA Genetic Evaluations (May 1998)
  - Electronic Distribution of Genetic Evaluations
  - Deadlines for Receipt of Data by AIPL for Genetic Evaluations
  - Interbull Evaluation Details
  - Conversion Equations
  - Highest Registration Numbers Assigned
  - Elite Cow Statistics
  - Genetic Evaluation Summary (average Bull PTA's and standard deviations)
  - Percentile Tables for Bulls and Cows

# Evaluation Results (Downloadable Files)

---

- Animal queries
  - General: no password required
  - Industry: password required
- Formats and file descriptions
- USDA bull evaluations
- Cow evaluations
- Herd information
- Interbull evaluations
- Cow and bull lists
- Goats
- Genetic trends

# AIPL General Queries

---

- Queries available to all users:
  - Display bull genetic evaluation
  - Display bull Interbull genetic evaluation
  - Display cow genetic evaluation
  - Obtain bull registration number ( and link to genetic evaluations)from NAAB number
  - Obtain age adjusted production record

# Get Bull Genetic Evaluation

---

Enter breed and ID number for U.S. bulls (e.g., H2247437):

H2247437

SUBMIT

# Bull Evaluation Record

# AIPL Industry Queries

- Individualized query pages set up for industry cooperators:
  - Breed Associations
  - DRPC's
  - NAAB
  - NDHIA
  - Studs
  - DHIA's
- Password protected
- Single and multiple queries

# **AIPL Industry Queries**

---

- Bull information
  - Get bull evaluation information
  - Get bull Interbull evaluation
  - Get bull daughter list
  - Get bull registration number (with link to genetic evaluation) from NAAB number
  - Get bull type evaluation (colored breeds only)
- Cow information
  - Get cow evaluation and lactation information
  - Get cow management group information
  - Get cow evaluation information (Format 105 records)
  - Get cow test-day information
  - Get cow type evaluation (colored breeds only)
  - Get cow type evaluation (colored breeds only)
  - Get cow age-adjusted production

# AIPL Industry Queries

- General Animal Information
  - Get four generation pedigree for animal
  - Display animal formatted pedigree information
  - Get all animal ID “aliases”
  - Get pedigree (Format 1) record for animal
  - Get progeny for an animal
- Herd information
  - Get cow evaluation information(Format 105 records) for all cows in a herd
  - Get data collection rating (DCR) for herd
  - Get all test day information for herd

# Display Pedigree Information

---

To use this page, you must have a file on the machine you are currently using that contains ID numbers. You must provide the filename in the form below. The output will prompt you for an automatic download when processing is complete.

Upload a file (containing animal IDs):

to start processing ...

# Formatted Pedigree Information

Input file: B189181  
B189183  
B189178

Upon successful completion of  
the query, you will be prompted  
to download the results.

Output file:
