Schedule of Obstetrical Services

The charge for prenatal care of the mother, delivery of the baby \$ 85.00

WHAT IS INCLUDED:

Physical examination 1st office visit.

Prenatal care

Routine urinalyses (sugar and albumin)

Delivery and care of mother and baby in hospital

Post-partum check-up for mother at six weeks after delivery

Infant check-up at 22 weeks.

WHAT IS NOT INCLUDED:

Surgery for mother or baby

X-rays

Injections or medication for mother

Injections for baby

Circumcision \$15.00

Hospital service

You will note on the statement you receive that the charge for \$ 85.00 has been made in advance. This is done because many patients want to make periodic payments as the months go by and have all charges paid up by time of delivery. That has been the custom in our office, and the monthly statements show progress being made toward this goal.
